LD&A

Annual index

Volume 9
January to December, 1979

Subject index

A

(Annual Conference)
- Atlantic City preview June-6
- Atlantic City sights Sept-4
- Where else but Absegami? Sept-6
- Welcome Sept-8
- Program Sept-9

(Art)
- Seeing space in a new light Nov-8

(Awards)
- CLI awards honor Chicago installations July-46

C

(Computing EMS-1)
- A program for the TI-59 calculator Nov-41
- A program for the Hewlett Packard 67/97 calculator Dec-44

(Controls)
- Toward the interactive environment Aug-31

(Cover story)
- Young designers '79 ..... May-20

(Custom design)
- Custom design with conventional equipment Aug-42

D

(Daylighting)
- Effective daylighting in buildings—1 ..... Feb-6
- Effective daylighting in buildings—part II Mar-43
- Notes on architectural lighting—II Feb-12
- The potential of beam sunlighting Nov-33

(Daylighting, Recommended practice of)
- Foreword and preface Feb-25
- Daylighting and architecture—an overview Feb-26
- Visual performance criteria Feb-28
- Daylight Feb-31
- Daylight design principles Feb-35
- Designing for daylight Feb-45
- Life cycle cost-benefit analysis ... Feb-58

(Disco lighting)
- Designing the discotheque May-12

E

(Education)
- Educators' corner Aug-37
- Learning the art and science of illumination Aug-12
- Lighting education and professional development Aug-60

(Emergency)
- Emergency lighting using automatic load shedding May-56
- Getting out safely—the debate continues Aug-24
- Lighting for safe escape Aug-16
- New demands mean innovation, new trends in emergency lighting Aug-21
- New product roundup in EL equipment Aug-38
- The need to validate emergency lighting standards under emergency conditions Mar-48

(Energy and light)
- Energy efficiency and performance of solid-state ballasts Apr-23
- Lighting energy codes—state by state July-42

(Energy utilization)
- Developing design standards—a Technical Advisory Group (TAG) report Jan-41
- Energy and economics dominate building show Jan-45

(Entertainment)
- Dixie disco Nov-13

H

(Health care)
- The color of the surgeon's task light July-54

I

(IES Transaction)
IES recommended procedure for lighting energy management of existing buildings Apr-30
(Illumination levels)
The IES approach to recommendations regarding levels of illumination Sept-74
(Illumination Roundtable)
IES-NBS lighting roundtable Sept-49
IES-NBS lighting roundtable Oct-8
(Impressions)
Words on the streetscape Nov-16
(Incandescent Centennial)
Introduction Sept-19
Roadway Sept-20
Merchandising Sept-26
Residential Sept-31
The classroom—from A-lamps to HID Sept-36
Offices Sept-43
Continuing in the spirit of Edison Sept-70
(Industrial)
A design roundup May-60
American National Standard practice for industrial lighting May-25
Indoor HPS lighting with UPS protection combines efficiency, safety, and economy May-50
In 30-acre warehouse, 2000 HID luminaires do the work of 3000 ..... Aug-53
Work place lighting in foundries .. Nov-22
(Inside IES)
1977–78 Annual Report Jan-51
Financial report Jan-56
(Interview)
On common sense designing Nov-18

L

(Lighting Design Awards)
Entry form Oct-15
Introduction Oct-19
Edwin F. Guth Memorial Award of Excellence projects
The Detroit Science Center Oct-20
Phillipine International Conference Center Oct-21
"Dancin'" Oct-23
The Winter Garden Oct-24
Tiffany's windows Oct-25
Edwin F. Guth Memorial Special Citation project
Aid Association for Lutherans .. Oct-26
Edwin F. Guth Memorial Award of Merit projects—Entertainment
"Ghosts of the Globe" Oct-27
The Electric Circus disco Oct-27
Bob Carr Memorial Auditorium.. Oct-28
Edwin F. Guth Memorial Award of Merit projects—Residential
The house on the hill Oct-29
Light and airy Oct-29
Munson residence Oct-30
Edwin F. Guth Memorial Award of Merit projects—Institutional
North Division High School Oct-31
Riverview Senior High School .. Oct-31
Adel High School Gym Oct-32
James C. Giuffre Medical Center Oct-33
Dorchester penitentiary Oct-33
Federal prison Oct-34
School for lighting designers ... Oct-34
Edwin F. Guth Memorial Award of Merit projects—Houses of worship
Christ the King Cathedral Oct-35
Calvary Church Oct-35
St. James Catholic Church Oct-36
Faith United Presbyterian Church Oct-36
Edwin F. Guth Memorial Award of Merit projects—Commercial
Scalamandre Showroom Oct-37
I. Lewis shoes Oct-37
Supermarkets General Corp. ... Oct-38
Deane Buick car lot Oct-38
Edwin F. Guth Memorial Award of Merit projects—Offices
Citizens Banking Co. Oct-39
Alabama Power Co.—Montevallo District Office Oct-39
Lenox Incorporated Oct-40
Burns & McDonnell Engineering Oct-40
Stendig International Oct-41
Edwin F. Guth Memorial Award of Merit projects—Public places
Niagara Frontier Transportation Center Oct-41
Capitol Square Oct-42
Florence Mall Oct-42
Salt Lake City International Airport Terminal Unit 2 ..... Oct-43
Bethlehem Main Street Oct-43
St. Charles Parish Library Oct-44
The Garden Room Oct-44
The Neon Bar Oct-45
Edwin F. Guth Memorial Award of Merit projects—Outdoor/display
KMTV Television Studio tower logo Oct-45
Animated sign Oct-45
Reunion Tower Oct-46
St. Francis Hospital Oct-46
Edwin F. Guth Memorial Award of Merit projects—Exhibit
King Tut Oct-47
Carlsbad Caverns National Park Oct-47
Pennsylvania Academy of Fine Arts Oct-48
William Freemont Harn Garden-Barn/Museum Oct-48
Edwin F. Guth Memorial Award of Merit projects—Industrial
Snow disposal wharf lighting ... Oct-50
Skytop Rig Company Oct-50
Ginna station yard Oct-52
Measurement Service Center .. Oct-52
Edwin F. Guth Memorial Award of Merit projects—Sports
Wolf Hollow Racquet Club Oct-53
Stadium lighting for 1978 Soccer Championship Oct-54
Lighting of a dome Oct-54
(Lumen Awards)
Introduction June-29
Lighting uncommon for Tutankhamun June-30
For Niagara Falls, a luminescent "Winter Garden" June-34
The St. Louis Art Museum June-35
Spectacolor sign June-37
The Electric Circus comes to town June-38
"Dancin'" June-41
Neon for Tiffany's June-41
Joseph R. Loring offices June-42
Aid Association for Lutherans—an ingenious use of daylight June-43
Alfus residence June-44
The light at the end of the Park Avenue June-45
Necklaces of light June-46

M

(Marketing)
Fantasies unlimited Jan-10
(Materials)
New directions for polycarbonate in lighting June-52
Vandalproof lighting June-48
(Measurements)
Decibels reconsidered Nov-30
(Merchandising)
Contract design program stresses humanistic approach June-24
Designing for people, not architecture May-8
Kondos on merchandising June-18
Of all things Feb-15
Striking a balance at Bullock's ... June-25
Mintz on merchandising June-20
Mintz' rules of thumb for general retail store lighting June-23

O

(Offices)
Changing criteria in the selection of integrated-ceiling systems ... Feb-20
Energy efficient office lighting Nov-36
Exploring indirect lighting Dec-36
Trading Room—Citibank Money Market Div. July-12
Underground storage area becomes attractive, economical office ... Aug-40
WNCN in New York Feb-17
(Outdoor)
Lighting gems along the Danube .. Dec-6

P

(Photobiology)
Risks associated with use of UV-A irradiators being used in treating psoriasis and other conditions Mar-56

R

(Research)
Feasibility claimed for handy fluorescent Dec-31
(Residential)
Chelsea retreat Dec-14
(Roadway)
From HPS to high mast July-40
High-mast luminaires light up Miami Airport parking July-34
Mobile laboratory for roadway lighting July-31
New approach to lighting and parking in downtown Tacoma .. July-20
New products July-24
Oerkvitz on roadway lighting July-16
Roadway lighting specifications for the future July-18
Streetlighting in a Victorian community July-37

S

(Sources)
The infrared-reflecting incandescent—an update Jan-44
(Streetlighting)
Lighting's impact on crime challenged Dec-20

T

(Task-Ambient)
Evaluating the quality of task/ambient Jan-25
Furniture-integrated lighting—equipment reviewed Jan-22
Lessons learned: user reaction study—systems furniture with task/ambient lighting Jan-20
Task/ambient lighting—the issues persist Jan-19
The economics of open planning .. Jan-26
The energy effectiveness of task-oriented office lighting systems Jan-28
What's new in TAL Jan-16

(TTFL)
A dimer-per-circuit approach to stage lighting ... Mar-29
Behind the lights of Broadway—insights into illusion ... Apr-6
Credit where due ... Mar-10
Functional criteria for mercury lighting control systems ... Mar-27
Ghosts of the Globe at the Canadian National Exhibition ... Jan-12
'Hanging' a one-night stand ... Mar-22
HID lamps for television remotes ... Apr-2
Profile of a master communicator ... Mar-12
Projections for theater and television ... Mar-17
Television lighting today—a work of art ... Mar-32
Trade show techniques—lighting for video magnification ... Mar-39
Triumph over tradition—the unconventional lighting of "Sweeney Todd" ... Aug-26

V

(Views & Opinions)
Brightness in dB's ... Apr-22
Perception and Lighting as Formgivers for Architecture—a book review ... Apr-19
Richard Kelly 1910–1977—a personal memento ... Oct-56
The dimension of the unit steradian in illuminating engineering ... Aug-52

Author index

A

Amick, C. L.—Energy efficient office lighting ... Nov-36
Allen, R. B.—Educator's corner ... Aug-37

B

Barbrow, L. E.—The dimension of the unit steradian in illuminating engineering ... Aug-52
Beardsley, C. W.—Contract design program stresses humanistic approach ... June-24
Kondos on merchandising ... June-18
Lighting uncommon for Tutankhamun ... June-30
Beck, W. C.—The color of the surgeon's task light ... July-54
Benya, J.—Ghosts of the Globe at the Canadian National Exhibition ... Jan-12
Bergson, H. P.—Lighting for safe escape ... Aug-16
Berman, S.—Energy efficiency and performance of solid-state ballasts Apr-23
Brandston, H.—A program for the Hewlett Packard 67/97 calculator Dec-44
The need to validate emergency lighting standards under emergency conditions ... Mar-48
Brass, J. R.—*Perception and Lighting as Formgivers for Architecture*—a book review ... Apr-19

Of all things ... Feb-15
Profile of a master communicator Mar-12
Task/ambient lighting—the issues persist ... Jan-19
The infrared-reflecting incandescent— an update ... Jan-44
Where else but Absegami? ... Sept-6
Robinson, A. V.—Exploring indirect lighting ... Dec-36
Rodgers, N. C.—The potential of beam sunlighting ... Nov-33
Ross, D. K.—Brightness in dB's ... Apr-22
Ruth, W.—Work place lighting in foundries ... Nov-22

S

Schelling, W. F.—HID lamps for television remotes ... Apr-2
Schreckendgust, J.—The color of the surgeon's task light ... July-54
Scutt, D.—Richard Kelly 1910–1977—a personal memento ... Oct-56
Selkowitz, S.—Effective daylighting in buildings—part 1 ... Feb-6
Effective daylighting in buildings—part 2 ... Mar-43
Energy efficiency and performance of solid-state ballasts ... Apr-23
Shemitz, S. R.—Evaluating the quality of task/ambient lighting ... Jan-25
Simeral, S.—Toward the interactive environment ... Aug-31
Skeist, S. M.—Breakthrough for fluorescent lamps ... Dec-31
Smith, R. L.—A program for the TI-59 calculator ... Nov-41
Learning the art and science of illumination ... Aug-12
Lighting education and professional development ... Aug-60
Stanger, D.—A program for the Hewlett Packard 67/97 calculator ... Dec-44
Stockman, J.—WNCN in New York ... Feb-17

T

Tawil, J. N.—Projections for theater and television ... Mar-17
Tien, J. M.—Lighting's impact on crime challenged ... Dec-20

V

van Bommel, W. J. M.—Mobile laboratory for roadway lighting ... July-31
Veech, J. J.—New demands mean innovation, new trends in emergency lighting ... Aug-21
Verderber, R.—Energy efficiency and performance of solid-state ballasts Apr-23

W

Wharmby, D. O.—The Second International Symposium on Incoherent Light Sources ... Aug-56
Wibom, R.—Work place lighting in foundries ... Nov-22

Wittman, L. J.—A dimmer-per-circuit Mar-29

Z

Zackrison, H. B.—Custom design with conventional equipment Aug-42
Emergency lighting using automatic load shedding May-56

Lighting news index

A

ACEC scholarship program announced Aug-59
AIIE's state energy audit impact '79 Jan-54
ANSI elects officers July-61
ASHRAE Standard 90-75, Proposed revision 90.1-75R to July-58
Australian lighting convention July-63
Award nominations requested Jan-6

B

Batwing lens offered, Budget version of Sept-72
BOCA officers elected, 1978–79 Jan-40
Book reviews
Building Systems Cost Guide 1979 Nov-52
CIBS Lighting Guide—Hospitals and Health Care Buildings Nov-50
Engineer-in-Training Review Manual Nov-52

Technology: Fire in a Dark World Nov-52
The Engineer in Transition to Management Nov-52

C

Candidates, Introducing the Mar-50
Career possibilities in architectural lighting offered in IALD's intern scholarship program Apr-64
CIE publications available July-58
CIE publication, New Aug-59
Clark heads U.S. group in Kyoto Sept-72
Cole retires from Lighting Division CIBS Nov-53
Constitutional change, Proposed '79 Mar-55
Construction contracts up 12 percent in March Sept-73
Council for optical radiation measurements reorganizes July-59

D

Duro-Test sponsors photobiology fellowship Jan-60

E

Electrical distributors' role, Audiovisual on Jan-40
Electric lamp, New patent on Aug-48
Energy code regional advisory service center opens, First July-59
England named new LD&A editor, Robert Oct-61
ETL now ETL Testing Laboratories, Inc. Jan-63

F

Faetinek named managing director of ASSE Jan-40
Feder to conduct lighting seminar Feb-62
Fluorescent tubes aid sales Nov-59
Flynn named IES president Aug-2
Forbes-Ergas designs Ecuador executive club May-15
Frequency measurement offers possible new length standard, Record Dec-54

G

GE to introduce metal-halide lamp for residential use Aug-63
Golden Gate Section introduces new sustaining members and honors Bayha Nov-59
Gold medalist, DSA & Fellows Oct-2
Grants to be made available Aug-59
Guide to LD&A authors Oct-59

H

Higgins named North Central RVP Mar-55
HMI week in New York, Professionals crowd Aug-58
Home manufacturers elect officers July-61

I

IEEE names officers and directors July-61
IES Technical Department names staff assistant Aug-58
ISCC inaugurates series of technical reports Jan-54
